Kitten Sittin' Services

Our committed goal is your cat's well-being... which will be taken care of first and foremost. *Kitten Sittin'* provides a comprehensive and detail-oriented service which will minimize the stress on your cat(s) by making sure that we maintain your cats' daily routine as much as possible. Every cat receives equal time and treatment. Every client receives a *Kitten Sittin' Daily Diary* that summarizes each day's visit. The diary will be waiting for you when you come home.

Kitten Sittin' has membership both in *Pet Sitters International* and in the *National Association of Professional Pet Sitters*. All *Kitten Sittin'* Cat Sitters are bonded and insured for your protection.

Step 1: In-Home Consultation

For first-time clients, we require an *In-Home Consultation*, which lasts about 30 – 45 minutes. This free Consultation takes place in your home... with your cat(s) present. Together, with the *Kitten Sittin'* Associate (who will be your cat's primary caregiver), we'll:

- Discuss Type of Services
- Create Schedule of Visits
- Discuss *Kitten Sittin'* Service Fees / Payment
- Complete Forms and Service Agreement
- Acquire Keys

Step 2: Care Visits (Cat & Home Care)

- Care Visits are available 7 days a week, 365 days a year
- Payments are collected at the first visit
- Standard Care Visit averages between 30 to 45 minutes
- Care Visits are scheduled between 8:00 am and 8:00 pm
- Care Visits must be scheduled 72 hours in advance
- Holiday Care Visits require one week's advance notice
- Holiday Care Visits include a surcharge

Our standard *Care Visit* allows us enough time to:

- Bring out fresh food and water
- Feed your cats their special diets and maintain their daily routine
- Visit with the cats, give them treats and play with them
- Comb / brush the cats
- Change the kitty litter
- Complete home services such as bringing in mail, watering plants, etc.

Step 3: Post-Visit

At the end of your scheduled visits, you will find a "*Kitten Sittin' Daily Diary*" describing each day's visit. We can leave your keys in a safe place, or hold them for your next session of care visits. When you need us again, just contact us and we'll arrange your visits over the phone or via email.
